Course Content

Do you have a farm tractor that you are thinking about using in the woods? While they have there limitations, when equipped properly tractors can be play an important role in working in your woodlot. Come to this "in action" workshop to find out about ways you can safely and productively use a farm tractor as a tool in forestry.

Several tractors and attachments will be on site and in use.

Some tractors and attachments demonstrated will be:

- 3 pt hitch chipper
- 3 pt hitch forestry winch
- 3 pt hitch firewood processor
- 3 pt hitch stump grinder
- brush grapples
- small grapple/loader/trailer
- articulated specialized forestry tractor

For more information, contact Eric Johnson at ejohnson@nhtoa.org or (603)344-1130

NOTE: If you have special needs in order to participate in this program, please contact us 2 weeks in advance of the program date informing us of your need, to allow us time to make the necessary arrangements. Thank you.
